FIRST AID CARD DECK

Print, cut and keep close

This resource contains seven practical prompt cards and a matching card back. Complete the contacts card before you need it.

1

Print at actual size

Print pages 3 and 4 double sided at 100%. Choose flip on the long edge. Do not use fit to page.

2

Cut the cards

Cut on the crop marks. The design includes 3 mm bleed and a 3 mm safe area.

3

Complete card 6

Write in your vet, out of hours vet and emergency contact. Keep completed personal details private.

4

Keep it close

Store the cards somewhere easy to reach, such as a wallet, glovebox or on the fridge.

Important

These cards are prompts only. They do not replace emergency veterinary treatment.

1

Emergency signs

Collapse, seizures or breathing difficulty? Contact an emergency vet immediately. Don't wait for an advice call or for signs to settle.

Suspected poisoning

2

Stop more exposure

Remove access to the product if it's safe to. Keep spills and vomit away from pets and children. Avoid touching it yourself. Ask the vet what to do about skin, coat or eye contact.

Step 1

3

Call for advice

Call your vet or Animal PoisonLine on 01202 509000. Open 24 hours, charges apply. It doesn't replace emergency vet treatment.

Step 2

4

Have the facts

Name, age, breed, weight. What it was, how they were exposed, how much, when, and if more than once. Any signs. Keep or photograph the packaging.

Step 3

5

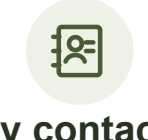

No home remedies

Don't make your dog sick or give salt water. Don't give medicines, charcoal, food or any other remedy unless the vet specifically tells you to.

Please don't

6

My contacts

My vet

Out of hours vet

Emergency contact

Write it in now. Keep it private.

7

Prevent next time

Keep medicines and chemicals in their original containers, out of reach. Secure bins and bags. Follow product labels and keep dogs off treated areas. Never give human medicine without the vet's say. Do not let dogs lick human skin creams.

Keep it safe
